# L2P.ORG.AU – Terms of Use

Welcome to L2P.org.au. Before you begin using the service you must agree to these Terms of Use.

1. L2P.org.au is managed by energy.edu.au.
2. Your use of L2P.org.au is deemed to be your acceptance of these Terms of Use. Please read them carefully.

## Lawful Purposes

3. You agree to use L2P.org.au only for lawful purposes, and in a manner that does not infringe the rights of or restrict or inhibit the use and enjoyment of L2P.org.au by any third party. This includes conduct which is unlawful or which may harass or cause distress or inconvenience to any person, the transmission of obscene or offensive content or disruption to L2P.org.au.
4. You must not post or transmit via L2P.org.au any unlawful, defamatory, obscene, offensive or scandalous material, or any material that constitutes or encourages conduct that would contravene any law.

## Disclaimer

5. Your use of L2P.org.au does not:
   - affect or reduce any obligation owed to You by any Agency;
   - reduce any obligation You owe to any Agency.
6. L2P.org.au is not a substitute for professional advice and you should obtain any appropriate professional advice relevant to your particular circumstances.

## Content

7. Comments on L2P.org.au is provided by, and are the responsibility of, the person or people who made such postings. We do not endorse, support, or guarantee the truthfulness, accuracy, or reliability of any the comments posted on L2P.org.au or endorse any of the opinions expressed.
8. We take reasonable care in linking to other websites but we have no direct control over the content presented in those websites or the availability of those websites.
9. We make no representation that the material on any linked websites does not infringe the intellectual property rights or any other rights of any person. We do not authorise the reproduction of such material.
10. We do not endorse or recommend any links to external websites, or third party content, including products and services offered by, from or through those websites or their content.
11. All logos and references to other agencies or government bodies are provided under license by each body. Other material presented on L2P.org.au is provided under a Creative Commons Attribution 2.5 Australia licence.

## Security

12. The development and management of L2P.org.au is coordinated by us, however some interactions with L2P.org.au occur on systems under the control of the management of energy.edu.au.
13. We strive to protect comments and information you provide on L2P.org.au. We will use all reasonable endeavours to ensure that your comments and information are not compromised. However, we cannot guarantee that no Harmful Code will enter L2P.org.au. You should be aware of the risks associated with using websites.
14. We recommend that you use appropriate and up-to-date firewall and antivirus software to protect your computer systems.

## Privacy

15. For more information about how we protect your privacy and personal information, please contact us to view our Privacy and Confidentiality Agreement as well as our Policy and Statement.
16. In order to participate in, and contribute to, L2P.org.au you may be required to register and provide an email address.
17. We will only use and disclose your personal information to a person, body or other Agency:
    - to provide you with a service that you have requested;
    - as authorised by law, for example, if a law enforcement authority or court order lawfully directs us to disclose the information of a user.

## General

18. These Terms of Use are governed by the laws of Australia and you agree to submit to the exclusive jurisdiction of the courts of Australia.
19. If any of these Terms of Use are held to be invalid, unenforceable or illegal for any reason, the remaining Terms of Use will continue in full force.
20. We may revise these Terms and Conditions from time to time.
22. Please contact us if you have any questions, problems or feedback regarding our site.

## Definitions

Harmful Code – Any form of harmful surreptitious code or other contaminants, including viruses, bugs, trojan horses, spyware or adware.
