To nominate as a Mentor for a Learner Driver Program, the program requires all Volunteer Mentors to give notice of any past driving infringements or contacts with youth. Are you comfortable for us to carry out a check on you? If your answer is yes, then feel free to apply. RAN Training [Reporting Abuse and Neglect] and a DHS Screening [Working With Children Clearance] are compulsory for all volunteers and staff in a Learner Driver Program. If you have either of these as current certificates we need to see them at the time of your interview.

We reserve the right to request fresh RAN Training or DHS Clearance.

The following information will be requested if you choose to become a Volunteer Mentor
